Special Wave Funktion

Rise up and feel the groove
Open up and let it move
Nothing else you're here to do
Special Wave Funktion
It's about your frequency
Unleash your freak with me
You're the only YOU you'll ever be

I see you glowing
I see your colors showing
Energy flowing
Look around now
You are Here
In this moment
All is vibration
And LOVE is the highest elevation
No complex equation can replace your
Participation (in the)
